SWIM LESSONS INFORMATION

- As with any learning, children taking swim lessons learn at different speeds. Our instructors will do all they can to help your child swim, relax and be safe in the water. Taking swim lessons, however, does not guarantee ultimate success for your child.
- In order to achieve optimal results we respectfully ask that parents and spectators sit outside the fenced area during lessons (except parent/tot class). This gives the instructors the child's full attention during lessons. Thank you in advance for your cooperation with this request.
- In case a lesson is cancelled, it will be made up by extending class time or rescheduling on Friday.
- If you must miss a lesson for any reason other than a cancellation by pool management, it will not be made up or refunded.
- Lessons must be paid in full upon making a reservation. Cancellations must be made 14 days in advance for a full refund.
- Please communicate with your child's instructor or the head instructor if you have any questions.
- Please put long hair in pony-tails for lessons.
- Gum or food is not allowed during swim lessons.
- All regular pool rules are in effect at all times.

Thank you for choosing us to teach your child!
